

# The Riverwood Harvest

## A celebration of Riverwood's gardens and a fundraiser for The Riverwood Conservancy

If you're looking to align your company with a nature-focused, community-based organization, sponsoring The Riverwood Harvest is the perfect opportunity. Plus you'll get to enjoy a night of fine food and beverages!

Riverwood's volunteer-maintained gardens not only provide a green outlet to area residents who don't have access to their own yard, but also a space for fresh produce to grow – produce that The Riverwood Conservancy donates to The Compass Food Bank.

The Riverwood Harvest will celebrate the latest crop that will feed Mississaugans in need, and raise funds to support The Riverwood Conservancy's vital work.

As a sponsor of The Riverwood Harvest, you'll earn positive public exposure while helping The Riverwood Conservancy safeguard gardens, natural areas, and local plant and wildlife species, so that our community can continue to live in harmony with nature.
