

March Break Day Camp at Riverwood

2024 Information Guide

About Camp

March Break Day Camp at Riverwood is a unique and dynamic, full-day nature camp offered to children between the ages of 6 and 12. Our approach encourages growth in children's well-being, confidence, creativity and love of nature. We are intentional about building a fun, inclusive and supportive camp community.

Campers will choose from a variety of activities and equipment to create daily adventures in Riverwood's 150 acres, numerous trails and terrains, and diverse habitats.

Campers' well-being, learning and fun are supported by an 8:1 camper to staff/volunteer ratio allowing kids to go at their own pace. Campers will not be separated by age but will be permitted to group together based on shared interests.

About Us

The Camp Team is made up of staff and trained TRC volunteers. Primary staff members are:

Erin Farrow, experienced OCT Teacher and Elementary Program Leader at TRC with experience teaching in public and private schools, at Peel Field Centers, and as past camp director at Mentor College.

Kerry Furneaux, Therapeutic Garden Coordinator at TRC has delivered Therapeutic Horticulture programs to people of all abilities for over 5 years. She has also delivered camp and education programs at the Toronto Botanical Gardens.

All staff are skilled naturalists and bring a child-centered, inquiry-based approach to programs and dedication to health and safety.

Camp staff will support putting the campers' plan into action.

On the daily adventure hike, campers can learn outdoor skills and build knowledge of nature that interests them.

Adventure backpacks will be provided for every child to use while at camp. These support camper safety with high visibility markings and camper name tags, are coded for allergies, visually support group cohesion, and allow children to choose and bring tools for each day's adventures. For example, a camper might select binoculars, an insect collection container, markers for colouring, and a spray bottle to keep cool for the day.

Campers will have the opportunity to join in or watch group games, challenges, sing camp songs, make and perform skits, and try craft projects indoors and outdoors.

Campers will also have time to share their interests with our camp community. Camp guests from The Riverwood Conservancy community will be on site to share a skill and mentor campers who are interested to try it out. Past examples have included radio broadcasting, photography, and beekeeping.

Friday Wrap-Up

We invite caregivers to attend our end-of-week wrap-up Friday at 2:30 pm on Chappell Lawn, weather permitting. Campers will have a chance to share what they've learned!

Preparing for Camp: Behavioral Expectations

It is the goal of Camp at Riverwood to provide a healthy, safe, secure, inclusive and positive environment for all participants. Campers will be expected to uphold the Camp Riverwood Code of Conduct. **Please review it with your child before they come to camp.**

Code of Conduct

- We are all responsible for our actions.
- We will care for and respect ourselves and those around us.
- We will respect and treat others fairly, regardless of race, ancestry, place of origin, colour, ethnic origin, creed, sex, gender identity, gender expression, sexual orientation, age, family status or disability.
- We must listen to Camp Staff, TRC staff and TRC volunteers when instructions are given for safety.
- We will use appropriate and respectful language. No use of profanity, offensive language or name-calling is allowed.
- We will respect equipment, facilities, and grounds.

When a camp participant does not follow the Code of Conduct, we may take the following steps:

1. Staff will redirect the child to more appropriate behavior.
2. The child will be reminded of the Code of Conduct, and a discussion will take place.
1. The Camp Director will be notified of the problem and will meet with the child.
2. If the behavior persists, a parent will be notified of the problem.
3. If a problem persists and a child continues to disrupt the Camp program, TRC reserves the right to suspend or remove the child from camp.

The following behaviors are not acceptable and may result in the immediate and indefinite **suspension of a camper**:

- Behaviors that endanger the health and safety of campers, staff, volunteers and Riverwood visitors.
- Physical aggression including hitting, kicking, pulling, fighting, spitting, etc.
- Stealing or damaging TRC, Riverwood or personal property.
- Leaving the camp program without permission.
- Continuous disruption of the program with consistent disrespect.
- Refusing to follow the behavior guidelines.
- Bullying, either in person or through technology such as texting or taking photos without permission.

Important Notes:

- We cannot dedicate the full attention of a staff member to one camper. If a child requires individual supervision because of their behavior or other issues, our ability to care for the rest of the campers will be compromised. Parents or guardians will be notified and required to pick-up their child.
- If a camper is sent home, they must be picked up from camp **within 60 minutes of notification.**

- If a camper is sent home, there will be no refund of registration fees.
- Campers will engage in play including touching soil and climbing on logs. Staff will coach them to take these risks safely.

Camper Health

The Riverwood Conservancy has Health and Safety Policies that align with Provincial, Regional and Municipal regulations. These are updated as guidelines regulations change. Here are some ways we will ensure campers' health and safety:

Do not bring your child to camp if they show signs/symptoms of COVID-19, symptoms listed below or any communicable disease not listed:

| • Pink Eye | • Fifth Disease | • Rash |
| • Strep Throat | • Hand, Foot, & Mouth Disease | • Vomiting |
| • Chicken Pox (Varicella) | • Flu | Diarrhea |
| • Lice | • Fever | |

Camper Illness

- If a camper feels unwell at camp, staff will separate the camper from the group and call parents/guardians immediately.
- Sick campers must be picked up as soon as possible, **within 60 minutes**.

Health and Safety: How to Prepare for the Outdoors

What to Wear

Please dress children properly for winter weather every day to avoid discomfort or cold-related injury. Please refer to Sick Kids' [Dressing for the Cold](#). The following clean DRY items are required each day for camp:

- Warm, winter boots (not rain boots) and clean dry socks
- Snow pants
- Winter coat
- Warm hat
- **2 pairs** warm mittens
- Extra socks

Pesky Plants and Pests

Riverwood, like all outdoor areas, has some pests and plants that should be avoided. While Camp staff are trained to recognise and avoid these risks, exposure is still possible. Please follow the tips below to prevent, insect bites and stings, and rashes from plants while in the outdoors:

- Come to camp clean and fragrance free. Insects are attracted to fragrances.
- Campers should not touch any plants without permission from Camp program staff. Plants like poison ivy can cause an itchy rash.
- Be tick smart. Wash clothing at the end of each day. Check body for ticks daily. If you find one, remove it with tweezers, place it in a bag, and seek medical attention if a rash develops. Ticks can pass on diseases to people including Lyme Disease. For further information, please visit ontario.ca/page/outdoor-health/ and peelregion.ca/health/vbd/

What to Bring

Please clearly label all camper's clothing and personal items.

- A bag that holds all personal items including lunch bag and water bottle
- Indoor shoes (crocks or running shoes). These can be borrowed from Camp if needed
- A change of clothes
- One extra pair of socks
- A refillable water bottle
- Food:
 - Lunch will take place at 12:15 pm each day
 - Please pack a healthy, nut-free lunch. **Do not send food that may contain peanuts or tree nuts.**
 - There will be 2 snack times
 - We will be active all day so campers will be extra hungry!
 - There is no food for purchase on site
 - There is no microwave or fridge available
 - Please try to make it *litterless*! See the diagram below for ideas.

EPI-PENS/Puffers/Inhalers

Campers who have been prescribed an EpiPen, puffer or inhaler for severe allergies, **MUST bring and carry it with them** each day of the program. Please ensure the medication has not expired. Campers who arrive without their prescribed medication, or with expired medication, can not be admitted to camp.

EpiPens, puffers and inhalers must be carried in a **fanny pack** worn by the camper at all times. Please label the fanny pack with your child's first and last name. For safety reasons, epi-pens should not be carried in pockets or loose bags (which can be lost).

Leave Valuables at Home

Please leave valuables like special toys, jewellery, cell phones or other electronic devices at home. These can be damaged or lost in the woods. We are not responsible for valuables brought to camp.

How to Pack a Litterless Lunch

Please keep these principles in mind when selecting lunch items:

REDUCE (eliminate garbage and packaging)

REUSE (use containers that can be washed and used multiple times)

RECYCLE (we have recycling on site, but cannot recycle juice boxes)

COMPOST (we can compost fruit and vegetable scraps only)

Food Allergy Safety

Products that contain or may contain peanuts or tree nuts are not permitted at camp. Children attending Camp have life-threatening allergies to these products. Having or consuming them near these children exposes them to serious health risks.

Please read food labels carefully to avoid sending foods that **may contain nuts/traces of nuts** with your child.

To avoid sending peanut/nut related products:

- Read labels to see if peanut/nut products are present. Also avoid products that have warnings such as 'may contain traces of nuts' on the package.
- Check ingredient lists each time you buy a product. Ingredients may change.
- Avoid products that do not carry an ingredients list.
- Avoid packing "**bulk foods**" - the scoop you used in the raisins may have just come from the peanut bin!
- Ensure **homemade items** do not contain nuts, nut butter or nut oil, and were not prepared with those items nearby.
